

WHOLE FARM REVENUE PROTECTION (WFRP) PROGRAM

<https://bit.ly/UIDairyRM>

PROGRAM OVERVIEW

- Crop insurance that insures all the revenue from a farm's crop and livestock production under ONE policy.
- Coverage is for loss of revenue from expected earnings of commodities produced during the insurance period.

Losses are due to unavoidable natural causes.

HOW IT WORKS

Coverage is based on a Farm's "Approved Revenue"(AR)

APPROVED REVENUE CRITERIA :

- Whole-Farm History Report
- Farm Operation Report
- Information on overall Farm Growth
- Coverage Level Chosen: From 50-85% of Farms AR

Coverage Level	Commodity Count (Minimum)	Maximum Farm Approved Revenue
85%	3	\$ 10,000,000
80%	3	\$ 10,625,000
75%	1	\$ 11,333,333
70%	1	\$ 12,142,857
65%	1	\$ 13,067,923
60%	1	\$ 14,166,167
55%	1	\$ 15,454,545
50%	1	\$ 17,000,000

QUALIFICATION CRITERIA

To be considered a Countable Commodity a farm needs to meet the minimum revenue protection qualification

- 1/3 of Expected Revenue for that proportion of the farms' commodities must contribute to the farm's total revenue

The Insurance Period for WFRP is according to your tax year.
