

BACHELOR OF SCIENCE IN BUSINESS MAJOR IN BUSINESS MANAGEMENT EMPHASIS IN SMALL BUSINESS MANAGEMENT

TOP 5% OF BUSINESS PROGRAMS WORLDWIDE

With a major in Business Management you will have the training to be an effective leader helping your organization build and manage productive, high-quality workforces that stay competitive. You will discover management's critical functions across industries, organizations, and work forces.

In addition to your management and human resources coursework, you will graduate from U of I with a strong business foundation, grow your communication skills, and have hands-on experiences that prepare you for your first career after graduation!

- Expand your network through U of I's student chapter of Society for Human Resource Management (SHRM), traveling to regional conferences and learning from industry professionals
- Gain practical experience in an on-campus internship through the U of I Career Services office or the College of Business and Economics!
- Participate in the co-op program, an opportunity for you to earn six to nine months of full-time work experience in the middle of your college career.
- Tailor your classes to meet your career goals by choosing one of three emphasis areas: Management, Human Resources, or Entrepreneurship & Small Business Management options.

WHAT CAN YOU DO WITH A MAJOR IN FINANCE?
Talent Acquisition Specialist
Human Resources Business Partner
Compensation and Benefits Manager
Training and Development Manager
