

Livestock Ethics and Etiquette Training Meeting  
November 17, 2022

Welcome and door prizes drawing

Presentation by Josh Dallin from USU-This was a well done presentation about the difference between ethics and etiquette, ways 4-H members can be better presenters in the showing, and how 4-H leaders/parents can help youth learn to be quality showmen and individuals. The examples were specifically for livestock clubs but apply well to any 4-H activity/competition.

Q&A with Josh Dallin and Scott Nash-

Volunteer Council Meeting  
November 17, 2022

Was held after the Ethics & Etiquette Training

1. Leaders were asked to read through the agenda on their own due to time constraints.
2. Joel reported on MASC meeting-all issues the leader's council sent to the committee were brought up and discussed. All motions died for lack of a 2nd. Joel has a copy of the meeting minutes for anyone who is interested in reading them. For next year, ADG for sheep is .4 and goats is .25. The committee discussed that all change requests need to come through the council as they do not feel it is their place to initiate changes.
3. Leaders encouraged to share the Ethics and Etiquette Training information with their clubs.

Meeting was adjourned.

The office provided healthy and delicious apples and bottled water as a refreshment. Thanks to the office and Amy Blauer. It was yummy.
