

Faculty Senate Talking Points, November 12, 2024, Meeting #14

- A conversation started at Faculty Senate about the possibility of changing the structure of faculty senate leadership (FSH 1580) to improve leadership continuity from year-to-year. Please see minutes in the next binder for details.
- There were comments regarding the increasing number of certificates being proposed by departments, and whether this trend might be incentivized by the budget model. Senators approved a motion to refer this issue to the Budget Committee.

The Talking Points are approved by Faculty Senate Leadership as an informal communication tool to engage constituents and get quick feedback on issues discussed at the Faculty Senate weekly meetings. All Faculty Senate agendas (including attachments and supporting documents) and meeting minutes are made available on the Senate webpage:
